PROFILE

I am an enthusiastic and creative frontend developer with 3+ years of experience at various companies and projects. The most important things in my professional life are continuous improvement of knowledge and quality of work. I have a great passion for designing and developing complex digital environments.

EXPERIENCE

Frontend Developer - Freelance

Itonomy

📅 08-2021 - 09-2021 📍 Utrecht

OTHER

✈ Sabbaticals

In 2020 I took a 3 month sabbatical during which I traveled in a few countries in South America.

In 2015-2016, between my bachelor's and master's, I worked and traveled in Australia and Southeast Asia for a total of 8 months.
